Vinyl plank

DLL703 & DLL704

# Why choose Decoline?

At Decoline, we understand the importance of your family's health. That's why our flooring comes equipped with an anti-bacterial shield. Your family will love the luxurious feel and authentic look of Decoline vinyl flooring they will believe they are walking on-the real wood. This 5mm plank comes with a 20 years manufacturer's guarantee and is available in a variety of colours and designs.

COLLECTION	SkyLine	Oasis	Ocean
Tile Size (mm)	254 x 1524	177.8 x 1219.2	228.6 x 1219.2
Total Thickness (mm)	5mm		
Wear Layer Thickness (mm)	0.5mm		
Box Quantity	6 Planks / 2.322 m2	10 Planks/2.167 m2	8 Planks / 2.23 m2

## Antibacterial properties

Decoline vinyl planks are coated with colourless Ag+ nano sized silver ion particles, resulting in an anti-bacterial armour. Silver inhibits the growth of bacteria by deactivating bacteria's oxygen metabolising enzymes, which means safer flooring for you and your family.

## Durable and adaptable

Decoline vinyl planks are easy to cut to size, locks securely into place and lays perfectly over any flooring surface. Its sturdiness and flexibility ensure the longevity of your flooring for years to come.

## Quick and easy to install

Decoline vinyl planks can be fitted over most existing hard floors as soon as your subfloor is dry, smooth, dust free and in sound condition.

## Tested at temperatures of up to 80°C

Decoline vinyl planks have been tested at temperatures between 70°C to 80°C for over 2 years.

## 100% Water resistant

Decoline vinyl planks are 100% water resistant, making it an ideal solution for all commercial and domestic environments which may experience frequent spills or wet areas.

## Authentic timber feel

Decoline vinyl planks are a premium and elegant option with a realistic wood look.

## Easy to repair

Decoline vinyl planks are designed for easy replacement. Should a plank get damaged it can easily be lifted and replaced with a new one.

## Retains heat

Decoline vinyl planks are softer and warmer underfoot than natural wood and stone flooring.

## Low maintenance

Decoline vinyl planks are simple to care for. All that's required is a quick sweep and a mop with warm water.

## Quiet acoustic qualities

Decoline vinyl planks are perfect for when you want to reduce noise levels in rooms such as playrooms, bedrooms and garage/loft conversions, without the need for an underlay.

## Green story

Decoline flooring is available in a wide variety of colours, textures and patterns but one feature all Decoline floors have in common is that there are Green. In fact, our products contain the highest percentage of post-consumer recycled material, a minimum of 67% and often as much as 75%, which contributes to the maximum LEED credits.

We are proud to say that we have the longest history of manufacturing environmentally conscious Luxury Vinyl Tile (LVT) flooring over 30 years.

## Environmentally manufactured

As fitting for the industry leader in environmental practices and products, our flooring lines are manufactured in an environmentally conscious way in our ISO 9001:2000 and ISO 14001:2004 certified factory. Vinyl flooring, along with additional PVC from alternate sourcing, is remade using our proprietary reclamation program into Luxury Vinyl Tile (LVT) and plank lines. This means that our floors are produced efficiently to the highest standards of resource allocation and waste management.

## 100% Recyclable

Our floors are 100% recyclable so they can be reconstituted into more flooring at the end of their life. In addition, our flooring also protects indoor environment and air quality by meeting and exceeding today's most stringent VOC emission requirements.

## CSIRO Slip Resistance

In order to interpret the classifications, please refer to Standards Australia Handbook 197, An Introductory Guide to the Slip Resistance of Pedestrian Surface Materials, which recommends minimum classifications for a wide variety of locations. It is important to realise that test results obtained on unused factory-fresh samples may not be directly applicable in service, where proprietary surface coatings, contamination, wear and subsequent cleaning all influence the behaviour of the pedestrian surface.

## APL Fire Rating

TEST METHOD AS/ISO 9239.1 2003 Reaction to Fire Tests for Floorings Part 1 Determination of the Burning Behaviour Using a Radiant Heat Source. As required by specification C1.10 of the Building Code of Australia.

The test values to the behaviour of the test specimens of a product under the particular conditions of the test, the are not intended to be the sole criterion for assessing the potential fire hazard of the product. Clause 9 of AS/ISO 9239 Part 1.

## FloorScore®

INDOOR AIR QUALITY CERTIFIED TO SCS-EC10.3-2014  
Conforms to California Specification 01350 (Standard Method v1.1, effective January 1, 2012) for the school classroom and private office parameters when modeled as Flooring.

## Impact Sound Insulation

TEST ISO 140-7 & ISO 717-2  
Test Certificates detailing the 1/3 octave band results are provided in APPENDIX B to this report in terms of L'nT,w, and related spectrum adaptation terms in accordance with ISO 717 - 2: 1996 L'nT,w is a term used in the Building Code of Australia (BCA), see also APPENDIX A. It should be noted that L'nT,w is a weighted room noise level and that a lower number represents better performance.

	L'nT,w
Test 1 – Concrete slab with plasterboard ceiling	59
Test 2 – 5mm Decoline Ocean loose lay vinyl plank	51
Test 3 – 5mm Decoline Oasis loose lay vinyl plank	52
Test 4 – 5mm Decoline loose lay vinyl tile	53

# Royal oak & rustic wide planks

DecoLine® vinyl planks are the easiest flooring on the market to keep clean. Small spills are easily cleaned and for more serious spills simply pick up the affected plank, clean and re-lay. It's that easy.

**This 5mm plank comes with a 20 years manufacturer's guarantee and is available in a variety of colours and designs.**
